

Better Men

Better connecting spirituality and non-violence.

Why?

Men perpetrate an overwhelming majority of most violent crimes, including 99% of all reported rape and 98% of all sexual assault. Men need to be the focus of any potential solution if we are to end rape, sexual assault and all other forms of violence.

What?

“Better Men” is a four-part group beginning in late October, which aims to start a dialogue with men and women in communities of faith to better connect spirituality and non violence. Individuals of all beliefs are encouraged to attend.
